

LAUNCH NEW JERSEY

ANOTHER BATTLESHIP OF THE FIRST CLASS.

One of the Most Powerful Warships in the World and Belongs in a Class of Five in the American Navy—Has Been Over Three Years Building—Will Cost \$5,000,000 and Be Ready for Business Next Year—Will Be a Flagship.

Quincy, Mass., Nov. 10.—The magnificent battleship New Jersey was launched today from the yard of the Fore River Ship and Engine Company.

One of the Most Powerful. The New Jersey, when completed, will be one of the most powerful battleships in the world. She is one of the five ships authorized by congress in 1900, and belongs to the Virginia class. Her sister ship, the Rhode Island, was launched at the Fore River yards last May. This class are all constructed with double turrets. The New Jersey is the last ship with double turrets the government intends to build. The double turret has its disadvantages, according to naval experts.

After considerable delay the keel of the New Jersey was laid in 1901. Since then the work has gone rapidly on, but it will be another year before the vessel will go into commission. Then the total cost to the government will be about \$5,000,000. The New Jersey's length on loadwater line is 435 feet, breadth 75 feet and full load draft 26 feet. Her displacement will be 15,000 tons.

The New Jersey will have a speed of at least 19 knots. She will be propelled at this high speed by twin screws driven by two four-cylinder engines of 19,000 indicated horse power.

The New Jersey's armament will consist of four 12-inch guns mounted by pairs in balanced turrets, one turret being located forward of the superstructure and the other aft. Of the eight 8-inch guns, four will be mounted by pairs in turrets, and four in two broadside turrets located amidships. There will also be a broadside battery on the gun deck of 13 6-inch rapid fire guns, mounted six on each side.

The secondary battery will consist of 12 3-inch, 50-calibre rapid fire guns, 12 semi-automatic, eight heavy automatic, two 30-calibre machine guns and six 30-calibre Colt automatic guns. She will also be fitted with submerged torpedo tubes.

To make her defensive qualities proportional to her offensive qualities she is provided with a complete water line belt of armor, eight feet in width, 11 inches thick at the top and eight inches at the bottom. The New Jersey has also a casemate armored belt extending over 245 feet of her entire length.

It is the intention of the government to make all the vessels of the New Jersey and Virginia class flagships. With this end in view accommodations were made for one flag officer, one commanding officer, one chief of staff, 19 wardroom officers, 10 junior officers, eight warrant officers and a crew of 772 men, including a force of about 60 marines.

In the matter of electrical appliances the New Jersey will be superior to any other battleship ever constructed for this government.

TOBACCO GROWERS MEET.

Producers Propose to Organize for Trust Methods.

Lynchburg, Va., Nov. 10.—To discuss the general situation in regard to the tobacco industry and to decide if possible, on a minimum price for the various varieties and grades, representatives of the several tobacco growers' associations of America assembled in Lynchburg today and began a two days' session. The purposes of the movement are set forth in the call for the conference, which says, in part:

"It has been abundantly demonstrated that farmers can be factors in shaping the prices of their products. Proofs of this statement are found in the wheat market of the past year; in corn, oats, cattle, hogs, cotton, etc.; prices of all these have been permanently, or for periods, influenced by quantity thrown on the market. By unity of action the growers will be irresistible."

The conference is attended by prominent growers of Kentucky, Virginia, Ohio, North Carolina, Wisconsin and other tobacco growing states.

ARCHBISHOP AGIUS SAILS.

New Apostolic Delegate to the Philippines.

London, Nov. 10.—Archbishop Agius, the newly appointed apostolic delegate to the Philippines, is among the passengers sailing today on the steamer Minnetonka for New York. Upon arriving in America Father Agius will proceed at once to Washington to confer with President Roosevelt prior to resuming his voyage to Manila.

Father Agius was educated in England and is well known here. Those best acquainted with him express the opinion that he is likely to give no small aid in the pacification of the Philippines. He has led a busy, varied life in England, in Egypt, in Italy and other countries, and has learned to take a broad view of persons and things.

TEXAS BAPTISTS.

Their Fifty-Fifth Annual Convention at Waco.

Waco, Texas, Nov. 10.—The fifty-fifth annual session of the Baptist general convention of Texas opened

Fire! Fire! Fire!

SATURDAY, NOV. 12 IS FIREMEN'S DAY AT SULLIVAN & BOND'S

RECOGNIZING THE VALUABLE SERVICE RENDERED THE CITY BY OUR PATRIOTIC FIREMEN, WHO ARE EVER READY TO RESPOND TO THE CALL FOR THEIR SERVICE WHO BRAVE THE DANGERS OF BEING INJURED, IF NOT KILLED, AND WHO FACE SURGING AND SWEEPING FLAMES AND STAND IN ITS PATH OF DESTROYING ELEMENT; SOMETIMES DRENCHED TO THE VERY SKIN AND SUBJECTING THEMSELVES TO SICKNESS AND SEVERE COLDS, WE HAVE DECIDED TO SHOW OUR APPRECIATION BY GIVING

10 Per Cent of Every Dollar We Take in Saturday, Nov. 12

The money is to go into the Firemen's Relief Fund, which has been created to aid disabled and sick firemen, and the members of the families. There is no cause in the city more deserving of help than this fund.

Pendleton certainly has reason to feel proud of its noble firemen. They are a gentlemanly lot of fellows, who have volunteered their services to fight the destroying element, and to protect the life and property of citizens. At all hours, day or night, they are ready to leave comfortable homes or places of occupation in order to serve others.

Every citizen in Pendleton is, and should be interested in the Fire Department, and should aid the Relief Fund.

At a meeting of the firemen of the various fire companies the Firemen's Day idea was most heartily approved and representatives of the department will have charge of the money on Firemen's Day. In order to handle the large trade which we will surely have Firemen's Day, extra clerks have been secured. We would ask that the citizens call as early in the day as possible, and help us to avoid the rush.

FIREMEN'S DAY IS Saturday, Nov. 12

Firemen's Day Special Low Prices on all

SUITS, OVERCOATS, UNDERWEAR, BEDDING, WORKING CLOTHES, HATS, SHOES, ETC.

SULLIVAN & BOND

WHO TURN THEIR STORE OVER TO THE FIRE DEPARTMENT SATURDAY.

In Waco today. The capacity of Carroll chapel at Baylor university was taxed to accommodate the large number of delegates present when the gathering was formally called to order at 10 o'clock this morning. The roll, appointment of the necessary committees, greetings and other business of a perfunctory character occupied the initial session.

The convention will continue for three or four days and possibly longer as there is much business of importance to be transacted. The Baptists of Waco, aided by the members of other denominations, have provided elaborate entertainment for the visitors. During the convention there will be sermons and addresses by a number of prominent divines and other speakers who are among the delegates.

WAR ON OPIUM TRAFFIC.

Believed That Japan Will Join the Movement.

Washington, D. C., Nov. 10.—Secretary Hay this morning gave a hearing to a delegation representing the International Reform Bureau and a number of other missionary societies which have united in a petition asking this government to initiate diplomatic efforts to induce Great Britain to release China from treaty compulsion to allow the opium traffic.

The missionary societies claim to represent a majority of the American people, and President Roosevelt and the senate have already declared in favor of a universal treaty to prohibit the sale of both intoxicants and opium among aboriginal races. It is hoped that some tangible results may follow today's hearing. It is believed that the Japanese government would be ready to join any movement to suppress the opium traffic, as both before the war and recently it has shown an interest in the matter.

Charity Work Discussed.

Sioux City, Iowa, Nov. 10.—At today's session of the Iowa conference of charities and corrections the following were among the papers presented and discussed. Employment of prisoners in state penitentiaries and state reformatories, Henry Wolfer, warden of Minnesota state prison; Suspension of sentences, Judge H. M. Towner, Corning; The juvenile court act and juvenile courts, Judge George W. Wakefield, Sioux City; The present status of organized charity in Iowa, C. W. Wassam, State

University of Iowa; Inspection of county and town prisons, Prof. Isaac A. Loos of State University of Iowa.

Agent for Lee's Lice Killer.

Walters' Flouring Mills

Capacity, 150 barrels a day. Flour exchanged for wheat. Flour, Mill Feed, Chopped Feed etc., always on hand.

MONOPOLE

MAMA won't let me take any other brand of canned fruit or vegetables from the grocer 'cause she says Monopole is the best. Since Mama has been using Monopole canned fruit she has to lock it up, as my brothers, Jim and Jack, would eat it all up, it's so good.

PAPA says that Monopole canned oysters, lobster and crab are the best he ever tasted, and the salmon is out of sight, whatever he means by that. The oysters are all full size and have a delicious flavor.

WARNING

Don't allow your grocer to substitute any other brand for Monopole. Something just as good only exists in the brain of the dealer who wants to sell inferior goods that pay a larger profit. Assert your rights and insist on receiving this brand. After one trial you will use no other.
